NOVARTIS

Kidney Transplant Xplained tells the story of two real people with kidney transplants - Tristan and Mandy.

Join them on their journey to learn more about the kidney transplant process, how transplants work, and what to expect. With easy to navigate chapters you can start, stop and revisit the information that is most relevant to you.

Download the free app from the App Store or Google Play to read the story today, and get access to helpful tools, such as:

- Medication tracker
- Appointment reminders
- The ability to take notes
- And more!
